EXPERIENCE

Foreign Trade Bank of Cambodia, Cambodia — Assistant manager (CardCenter and Internet Banking Department)

Aug 2008 - 2012

My responsibility was to communicate with the programmer and make the process flow between banking processing flow and the system flow. Being a tester to make sure that everything is working smoothly then creating a user guide for bank staff and providing training to them before launching the product to the public. Solved the problems for customers and dealt with the programmer and international Visa Card provider.

Arkinfoware, Cambodia — Programmer and Developer

April 2001 - 2004

Been working as a programmer working on the banking System with a team.

NonProfit Organization, Cambodia — Photoshop Teacher

2000 - 2001

Photoshop teacher - Provide training design course as an internship in a non profit organization.
